In this budget it's a good phone , everything is good... Mi is a really nice
Android, it's not that slow, cameras are quite good too... Thanks to flipkart
for this on time delivery and I've been using this phone from 2 weeks and i
t's so good so far.... Product is value for money. ♥💖READ MORE

Pros : 1. Colour and design.2. Big display at low price.3. Camera as expected
at this price range.4. Battery is good. Lasting almost 1.5 days.Cons : 1. Wor
king slow.2. Ram management is not upto the mark.3. Camera is not good compar
ison to Redmi and Realme. Redmi and realme click far better than this mobile
at this price.4. Not for gaming.5. Missing back cover in the package. At this
price other companies provides back covers.READ MORE

In first impression and box unboxing it was really best.But when I'm doing it
s setup the phone start lagging, after like 15 min it start working goodIf I
talk about the camera it's awesome (in sunlight it get more bright), but in l
ow light like a packer room with only one bulb the camera quality decrease.Af
ter all it's a good phone and it's battery is even better.READ MORE

It's an good looking mobile . Mobile design is like oneplus mobile . Its an g

I am reviewing after 7 days of usage1. Battery is great, if you are a normal
user then   you will surely get 2 days backup.2. Display is awesome.... W
onderful multi media consumption.3. Camera is below average....works fine in
day light but you can't use it in night.....video quality is quite nice.4. Pe
rformence is average.... The phone is great for Normal tasking.... You can't
play heavy games in it.... It lags a bit.Overall a good exposure, if you are
